Please note: we do NOT prevent players participating in training and playing for their Sunday league grassroots clubs. Under 10-16's matches are played on Saturday mornings in the Junior Premier League and training is on a Monday or a Tuesday evening.

Players that are not selected for the Elite squads to play in the league are placed into Development squads that either play in the league or have a friendlies schedule.

Next season's pre-academy under 7,8, and 9's are not in a league and will play friendlies in midweek and during school holidays.

Players will be notified after the trials by phone or email by the Academy managers to update you and give feedback. Also information on what is the next step.

Costs: If selected, an annual registration fee of £40 is paid in July on registration day. Training fees are £20 per month paid by standing order. Match fees are £5 cash pay as you play. If matches are played midweek on a training night then no match fee is charged.
